

## RM12 Inductors

- Electrical specification
- Inductance Range 39mH to 560mH
- Temperature Range -20 to 120°C
- Core Material Curie Temperature > 150°C

Example - RM				12	155	S
Style						Form
RM Pinned Bobbin						S - single
Size						C - common mode
12						D - differential
Inductance Value						
Preferred values		Extended Range		Specials		
105 = 100mH		824 = 82mH		394 = 39mH	335 = 330mH	
155 = 150mH		125 = 120mH		474 = 47mH	395 = 390mH	
225 = 220mH		185 = 180mH		554 = 56mH	475 = 470mH	
		275 = 270mH		684 = 68mH	555 = 560mH	
Example RM12155S = RM12 150mH fixed single inductor with pinned bobbin.						
Data sheets available for RM4, 5, 6, 8, 10 and 14 Inductors on request.						
Other values & package styles available on request.
